# FEDERAL TROOPS MEET NO OPPOSITION

## FOUR HUNDRED MEN SURRENDER THEIR ARMS, ARE SENT HOME

### FURTHER PROGRESS EXPECTED SUNDAY

Orders Issued Prohibiting Any Assembly of Miners or Citizens in Disturbed Area—Military Headquarters Established at Madison

CHARLESTON, W. Va., Sept. 3.—Gradual clearing up and dispersion of armed bandits which for days have been opposing state and county forces along the Boone-Logan county line, is foreseen here tonight as a result of surrender of a body of 400 men to federal troops under command of Brig.-Gen. Bandholtz.

After the capitulation, which includes the surrender of eighty men upon whom fire arms were found, the prisoners were sent to St. Albans under the protection of Col. Carl A. Martin, of the 19th infantry. Here they were allowed to go to their homes, after the precaution had been taken of recording the names of all who carried weapons.

Further progress toward quieting the disturbed areas is expected tonight and tomorrow as the federal forces spread out and take up operations farther away from their bases.

In establishing themselves in the trouble zone the federal forces met with no opposition anywhere and they do not anticipate any.

General Bandholtz tonight could not say whether he would compel the state and county forces who have been holding the armed bands back from invading Logan county to also disperse.

"There are now under the control of the federal authorities and they will do just as they are told," said the general.

Will Permit No Assemblies.

The federal commander also stated he will not permit any assembly of miners or citizens in the disturbed area at this time. He made this announcement in reply to a question as to whether union men would be permitted to go into unorganized sections sections under the protection of the federal authorities and try to hold meetings.

Anyone arrested by the federal troops will be turned over to the civil authorities, General Bandholtz said.

Military rule and civil law, it was said at army headquarters can run concurrently and no difficulty will be experienced in seeing that all persons are treated justly.

The federal troops took up positions today behind the lines of the two opposing forces on the Boone-Logan line. Military headquarters were established at Madison, Boone county in the rear of armed bands, and at Logan, county seat of Logan county which was the base from which the county and state forces operated against the invaders.

The regiment which was hurriedly made up of parts of the 24th and 40th regiments, recruit detachments and other troops for duty in West Virginia was in complete control of the areas where they were placed. The 26th regiment from Camp Dix, N. J., did not arrive according to railroad schedule which forced General Bandholtz to change some of his plans. This regiment had not reported its arrival at headquarters at 6 p. m., eastern standard time when General Bandholtz met newspaper correspondents. It however, arrived during the night.

Expects Order Rapidly.

General Bandholtz expressed confidence federal control will bring order rapidly in the affected areas. The question of martial law being proclaimed in Kanawha, Fayette, Boone, Logan and Mingo counties is still held in abeyance. The military commander would not discuss the question.

There is, however, a general feeling here that if armed bands disperse without resistance, there will be no need for proclaiming such a law. The disturbed areas have been divided into three military districts. The Coal River district comprises that part of the area known as Coal River valley, extending from St. Albans to Blair.

The Kanawha district includes Fayette county and parts of Kanawha and Boone counties not included in the coal river district. The Logan district comprises Mingo county and parts of Boone

## CONSIDERATION OF GRAIN CASE BY JUDGE STONE

Sets September 15 As  
Date for Hearing on  
Restraining Order

(By The Associated Press)

KANSAS CITY, Sept. 3.—Judge Kimbrough Stone of the state circuit court today took under advisement an application filed yesterday by three local produce men to restrain Jesse Barrett, state attorney general from enforcing the provisions of the Mills making law signed by Arthur M. Hyde, last July 28.

Judge Stone set September 15 as the date for the hearing on the application announcing in his order that the case did not seem to be an urgent one and that he would grant temporary injunctions in the event members of boards of trade wished to transfer memberships. The suit also would restrain members of the local board of trade from complying with the law.

Counsel for the plaintiffs today made it plain that the suit has nothing to do with the Caperton-Tucker marketing law, recently enacted by congress as was erroneously stated in a dispatch from here last night.

The Mills law provides for a state bureau of marketing and authorizes the state board of agricultural to appoint a marketing commissioner.

It also requires commission men to procure licenses where the gross volume of business is within a defined scope.

## BIRTHPLACE OF ORANGEISM IS ALL AGOG

Armagh Excited Over  
Coming of Sinn Fein  
Leader.

(By The Associated Press)

ARMACH, Sept. 3.—The city of Armagh, birthplace of Orangeism, is all excitement over the coming tomorrow of Michael Collins, the "mystery man" of the Sinn Fein, and alleged apostle of physical force. He will arrive here about noon from Dublin, accompanied, among others, by Harry J. Boland, secretary at Eamon DeValera.

Collins will be escorted to the city hall where addresses will be presented to him by several civic bodies after which there will be a procession from Green Park thru the main streets of the city to a field near St. Patrick's College.

The Orangemen have called a meeting of the members but this will take place after the Sinn Fein procession.

Sinn Fein volunteers from all sections of Ulster began to arrive in the city tonight to participate in the procession.

## WEATHER REPORT

Beckley, W. Va., Sept. 3.—Two government airplanes of the DH-4 type were wrecked near this city late today while attempting to land for gas and oil. One was commanded by Lieutenant Goodrich and carried Sergeant Dillane as a passenger, the other by Lieutenant Liebhauser.

No one was injured. The plane piloted by Lieutenant Goodrich crashed when it struck a small ditch extending across a field at Johnston near here, the landing gear and motor and part of the body of the machine being damaged.

## ARMY OFFICERS REPORT FIRING STILL CONTINUES

Body of Men Rounded  
Up and Disarmed  
At Sharples

(By The Associated Press)

MADISON, W. Va., Sept. 3.—Detachments of regular army troops today established themselves in several places in the region where for the past week firing between armed men and deputy sheriffs has been in progress and success in disarming some of those engaged in the shooting was reported by military authorities. Army officers stated, however, that the firing they had been sent to suppress still continued throughout the day.

Military headquarters was established here with 200 men and officers and posts were later stationed at Jeffrey and Sharples. Each post is made up of about 100 men and officers. Late today the Sharples post reported to headquarters according to a statement given out that a body of men had been rounded up and disarmed.

From these 42 rifles, 15 pistols and about 1,000 rounds of ammunition was obtained. It was added. These with other men who came down from the mountains earlier in the day without firearms or ammunition were placed upon a special train and transported to a destination which was not revealed by the authorities but described as "away from the disturbed area."

Report One Man Killed.

At Sharples a statement was made to the military authorities by one of the disarmed men that he knew of one man killed in today's firing on Blair mountain. He added that about eight others were wounded but that his comrades had found it impossible to remove these injured because of the heavy rain of bullets.

On the Little Coal river branch of the Chesapeake & Ohio railroad regular traffic was resumed today for the first time since operations of trains was suspended several days ago.

A squad of soldiers spent the entire day searching the mountains near Beech creek for five newspaper correspondents who had wandered into the thickets and become lost. A heavy rain storm interrupted their quest and until a late hour authorities here said their search had proved fruitless.

Information from Logan however, to the effect that five news writers had arrived there after a day in the mountains restored a feeling of hope at headquarters that the objects of their search were out of danger.

## APPROVE ACTS OF IRISH NATION

(By The Associated Press)

BARCELONA, Sept. 3.—Approval of the acts of the "heroic Irish nation" is expressed in a resolution introduced in the Mancomunidad or Regional Diet of Catalonia, which is in session here. The diet also is requested to send Eamon DeValera an expression of hope that "peace with liberty" soon will be realized.

Another resolution presented at today's meeting asks the assembly to send a message to President Harding congratulating him on his work in connection with disarmament.

The proposed measures will come up for discussion at later sessions.

## SANITARIUM INMATES WOUND OFFICERS

Johnson City, Tenn., Sept. 3.—Two former inmates of the National Sanitarium here and a policeman and sheriff were wounded late today when the officers were called to quell a disturbance near the entrance to the sanitarium. The wounded former inmates were Elijah Green, shot thru the body and not expected to live and Bartley Miller. Sheriff Walters and Policeman Dixon were slashed with knives.

## EPWORTH LEAGUE GAVE BURGEOO SUPPER

The Epworth League of the Durbin M. E. church very successfully served about two hundred young people at the church with a fine burgoo supper. After the supper ice cream was sold.

The success of the occasion was due to the hearty co-operation of all the members of the various committees and all the members of the church. Miss Juanita Scott, president of the society, was chairman of the general committee and was ably assisted in the direction of the affair by Rev. Sam Graves and Roy Smith. Quite a few Jacksonville people attended.

## To the Wage Earners of America, Greetings:

We meet to observe this Labor Day at a time when the citizenship, the understanding, the loyalty and solidarity of all our people is passing thru the test of fire. We meet at a time when the great need is to stand together.

We are confronted by unemployment. Nearly six million of our people have no work.

The reactionary forces among employers are slow to turn their minds to constructive effort.

They are slow to learn that the injunction as abuser in industrial disputes is an unlawful, unfair, ineffective, tyrannical weapon.

They are slow to learn that the so-called individual contract as a measure of industrial disarmament is a badge of enslavement which American workers will not accept.

They are slow to learn that the destruction of our movement is impossible, either thru the infamous misnamed open shop campaign or by any other device.

But, they are slow to learn, they do learn.

Every advance of Labor marks an advance in the education of employers.

The constructive ability of our movement is called upon to the utmost to bring the full flood of life back to our industries under condition of freedom, with the democratic ideal dominating everywhere.

We will not be driven back. We will go forward. The light that has come into the life and work of our people can never be shut away from them. There must be more, and more, and more—more tomorrow than today, more the next day than tomorrow, and more for every coming tomorrow.

The times of today are severely trying, but are not of our making, but are for our redemption. We must organize for our task. The unorganized are helpless. They can help neither themselves nor their fellows.

Their strength, their skill, their inspiration, are lost until they organize.

Our first great task is to organize to bring together the unorganized, to unite and federate the organized, to bring together in strength of united thought and action of our people everywhere.

Mantoday wins no victories alone; he overcomes no injustice by himself. The battle for justice, for progress, for democracy, for freedom, for a better life for all, it must be fought by all—and all must be united.

Organize for the five million mark—organize for justice, for freedom, for the great struggle to right wrongs, for the triumph of service over tyranny and greed.

Take the message of organization everywhere. Unite in the service of humanity, for the good of our people and the greater glory of our country.

Organize for the five million mark. On this Labor Day begin the forward march.

Samuel Gompers, President, American Federation of Labor.

## AMERICAN OIL MEN ARE HAPPY

(By The Associated Press)

MEXICO CITY, Sept. 3.—Secretary of the Treasury De La Huerta and the representatives of American oil companies were here early in the week to discuss oil questions with the Mexican government. They have reached an agreement.

President Obregon's signature is necessary to complete the agreement.

The oil men will return to the United States tomorrow according to Walter C. Teague, president of the Standard Oil company of New Jersey, well satisfied and happy.

## FAMOUS DOUBLE BEING SOUGHT

(By The Associated Press)

NEW YORK, Sept. 3.—Charles H. Wax, the "Oliver Osborne" who figured as the double of James W. Osborne, well known criminal lawyer in a breach of promise suit brought against him by Ray Tanzer several years ago, has disappeared while under \$1,000 bond by a grand larceny it became known today.

He is also sought by the federal authorities and the officials of the Salem, Ore., penitentiary. He was released by the parole board while serving a sentence there, to visit his sick mother in the east.

## LOVE ROBBER

Chewelah, Wahn., Sept. 3.—A robbery entered the First National bank here today while A. H. Morse, the cashier, was alone, struck him over the head with an ink bottle stunning him and escaped with \$1,000 that was on the counter. Morse had not fully regained consciousness two hours later and was unable to say just how the robbery occurred.

## PLANS BEING MADE FOR DISBANDMENT OF ARMED FORCES

Necessary Steps Being  
Taken in Battle Zone  
By Authorities

(By The Associated Press)

LOGAN, W. Va., Sept. 3.—Preparations for the disbandment of volunteer forces which have been opposing the advance into Western Logan county of armed bands from the disturbed mining country to the east, were being made here tonight while a state of comparative quiet reigned in the troubled district following the arrival of detachments of United States troops.

Officers in command of reconnaissance parties returned to Logan with information that Spruce Fork Ridge, where the opposing forces have faced each other for several days was quiet. Mayor Thompson announced. He added that federal troops which were sent forward this afternoon would relieve the volunteers at daybreak.

State Adjutant General John H. Charnock's report of the day's activities constituted an exception to the general trend of information. He announced that two men had been wounded slightly in fighting at Crooked Creek. In adjacent sections there was desultory firing according to state and county authorities. There were also said to have been repetitions of firing across the Tug river from Kentucky several miles from Williamson, Mingo county.

Captain Thelma W. Norton of the state police issued a statement contradicting reports that Captain J. R. Brooks of the same organization with a force of police and volunteers had forced his way into the town of Blair. He said, however, there had been some firing in the vicinity of the town.

## GOVERNOR MORGAN MAKES REPLY TO PHILIP MURRAY

Accuses Mine Official of  
Spreading False  
Propaganda.

(By The Associated Press)

Charleston, W. Va., Sept. 3.—Governor Morgan tonight gave out a statement in reply to that issued last night by Philip Murray, international vice president of the United Mine Workers in which Murray criticized authorities for part they have taken in the West Virginia trouble.

The governor's statement follows: "Murray's vicious statement attacking the constituted authorities of a sovereign state for their efforts to suppress lawlessness and punish crime, reveals to a certain extent the part played by radical leaders of his organization in spreading false and malicious propaganda for the purpose of inciting the miners of Fayette, Kanawha and Boone counties to riot and insurrection. It was thru the circulation of such false and misleading statements, that the miners were incited to arm themselves and march against the citizens of another county."

"Until they realized that the federal troops would come to the state, Murray and the other radical leaders of the mine workers," the governor said, "took no steps to quell the insurrection and silently watched the growth and movement of the members of their organization terrorizing the people of three counties."

## RECEIVES HONORS AT CHICAGO UNIVERSITY

Albert Dewitt, who graduated from the 1917 class of the Jacksonville high school with highest honors, has recently graduated from the Chicago University with honors. Mr. Dewitt received honorary scholarships during the first two years at the university and also won the Swift prize for the best essay on "Civil Government."

He is prominently known in university life and is president of the Lambda Chi Alpha Fraternity. Mr. Dewitt will soon enter University of Chicago law school, and will practice in Chicago after graduation from that institution.

## MISSIONARY SOCIETY WILL MEET FRIDAY

The Women's Missionary society of the First Baptist church, will meet with Mrs. Goltra at her residence on Mound avenue, Friday afternoon at 2:30 o'clock.

The members will please return the reading circle books.

## WALSH SAYS BLAME FOR TROUBLE LIES WITH GOVERNMENT

Senator From Massachusetts Says Has Neglected to Create Means to Adjust Labor Disputes—Regrets That Miners Should Have Resorted to Lawlessness to Secure Aims.

(By The Associated Press)

WASHINGTON, Sept. 3.—In a statement discussing "the deplorable state of civil war in West Virginia coal fields," Senator Walsh, Democrat, Massachusetts, who is a member of the special senate committee investigating conditions in the West Virginia and Kentucky coal fields, said tonight that "the whole incident forms another indictment against our government for having neglected to create means to deal with and adjust labor disputes."

"If we have devised codes of justice and instituted courts to settle amicable individual disputes," he asked, "why cannot we settle labor disputes by application of these same principles of justice?"

Expressing regret that "the miners should have chosen lawlessness before conciliation to secure their ends," Senator Walsh said he was convinced "that when this trouble first showed itself and force was first used the government should have stepped in and demanded a peaceful settlement of the dispute."

"Whether the original blame rested with the operators or with the miners," he continued, "seems to be subordinate only to the question of whether the government itself has been in part responsible for conditions."

"I am convinced that if an efficient department of labor or state conciliatory board had undertaken to handle this affair at its inception it could have been amicably and satisfactorily settled long before matters came to the present pass."

## WANT FORD TO TRY HIS HAND ON RAILROAD

Committee Will Ask  
to Take Charge of  
Defunct Line

(By The Associated Press)

JOPLIN, Mo., Sept. 3.—Henry Ford of Detroit, automobile manufacturer and capitalist, will be asked to take over and operate the defunct Missouri and North Arkansas railroad by a committee representing several towns along the line which has been granted a hearing on the subject in Detroit, Sept. 7, it was announced today by J. R. Pyle, president of the Joplin Chamber of Commerce.

The committee which will go to Detroit will be composed of representatives from Helena, Cotton Plant, Cedar Springs, Leslie, Harrison, Pangburn and Searcy, all in Arkansas and Joplin, according to Pyle. Arrangements for the hearing was completed between George Stanford, secretary of the Helena Chamber of Commerce and a member of the committee from that point and the secretary to Mr. Ford. Information from Stanford today was that he had received a message from Ford's secretary saying the hearing had been arranged, Pyle said.

Pyle stated also that representatives of Mr. Ford had been in Helena several days investigating the condition of the line. The M. & N. A. discontinued operation August 1, last. It extends from Joplin to Helena, a distance of more than 30 miles.

## BOTH SIDES ARE MARKING TIME

(By The Associated Press)

WALSBERG, Colo., Sept. 3.—With operations of the Colorado Fuel & Iron company mines in Huertano and Las Animas counties virtually closed according to claims of officials of the United Mine Workers in District 15 and seriously curtailed, according to admissions by officials of the company, both sides were comparatively calm tonight, following announcement by the Colorado industrial commission that it had taken jurisdiction and would conduct a hearing here Sept. 9 to decide whether the wage reductions announced by the company effective Sept. 1 are justified.

## RETURNS TO HIS HOME IN WEST

Harold C. Hunter of Sagle, Idaho who has been the guest of Miss Margaret Lamb at the home of Charles Nichols for the past two weeks has returned to his home. Mr. Hunter who conducts a large mercantile establishment in Sagle reports that business conditions seem to be better there than in this part of the country.

## ARE VISITING RELATIVES HERE

Mr. and Mrs. Robert Day and daughter of Chicago arrived in the city last night for a visit with Mr. Day's parents, Mr. and Mrs. Henry Day on North Diamond street. Mr. Day is employed in the telegraph department at Swift & Company's Chicago plant.

## FAMINE STRICKEN RUSSIA NOW HAS PLAGUE OF WORMS

Swarms of Them Are Destroying What There Is of Crops.

(By The Associated Press)

RIGA, Sept. 3.—A plague of worms is the latest Russian calamity in the government of Simbirsk, the heart of the Volga famine region. An official Moscow wireless despatch says that in the Ardatov district of Simbirsk a swarm of worms has appeared which is devouring the vegetation.

The district land department has sent an agriculturist to aid in fighting them. It is believed the worms are a variety of caterpillar, ravaging in destructiveness the grasshoppers and locusts which destroyed a large part of the poor crops in some of the other famine stricken sections of Russia.

American food is continuing to move into Russia from Riga speedily. Two ships have been unloaded in two days, and another was being unloaded today. The official Bolshevik Rosta Agency tells of extensive epidemics of scurvy, typhus and cholera in the tatar republic and pictures the general famine situation as growing worse.

## AGED COUPLE FOUND MURDERED

(By The Associated Press)

PHILADELPHIA, Sept. 3.—The bodies of Louis Wellenback, 84 years old and his wife, Fannie, aged 80, were found in a little grocery store conducted by them today, slashed and beaten as if by a maniac. It is believed they were beaten to death with candlesticks in which they had been burning candles in observance of the Jewish Sabbath.

A bag in which they kept their money was ripped open, earnings had been torn from the dead woman's ears and the shop was left in great disorder.

The police have no clue to the identity of the slayer except some finger prints on a door knob.

Two girls who are hiking from California to Chicago have traveled most of the way with friendly autoists, so they say. One wonders why they term the journey a hike.

On the strength of recent reports showing just about one-half normal cotton crops the price shot up \$5 or \$6 a bale. This increase was added to others that have taken place in recent weeks. The peculiar situation is presented of great joy among the cotton planters because there is only a half crop.

Normally the bigger the crop the more satisfactory the conditions, but as it is now, the situation is just reversed and the people in the south figure that they will be much better off with a half crop than they would with one of normal proportions.

The development of the automobile industry at any rate has not put the Missouri rule out of business. Just the other day an order was placed with East St. Louis buyers for 1400 mules for the Spanish government. The animals are needed for service in the war with Morocco.

Congressman Newton of St. Louis has been interviewed to the extent of two columns to explain that prohibition is a failure and that the government cannot survive without the revenue possible from legalizing the sale of beer. The congressman speaks as one who has special interest in his subject and his views are quite in contrast with those recently expressed by Attorney General Daugherty.

## WAR DEPARTMENT SAVES MILLIONS IN SETTLING CLAIMS

The Secretary of War, John W. Weeks, made a very interesting report regarding the settlement of claims against the War department. On March 4, 1921, there were 439 claims awaiting settlement before the War Department. Since that date 307 new claims have been filed. On July 31, 1921, the number of claims awaiting settlement was only 164.

showing that during the period since March 4, the War Department disposed of 582 claims. In other words, it has kept up with current business and has cleaned up a number of old cases left by the previous administration. This is all the more notable because the majority of the claims left by the previous administration were those presenting unusual difficulty in settlement.

Of special interest to the taxpayers is the record that the 582 claims settled by the War Department under Secretary Weeks, 203 of them were settled by being denied. Of the 379 which were settled favorably, awards were made in the aggregate of \$13,101,880, thereby retiring contracts which, if they had been fully performed, would have called for an expenditure of \$204,210,103. By the settlement there was a net saving of over \$191,000,000, in addition to the savings made by the denial in toto of the 203 claims. The claims yet unsettled are minor ones, involving in the aggregate only about \$34,000,000.

The total administrative expenditure of the War Department by its claims board for all purposes during the period since March 5, has been but a minor fraction of one per cent of the total amounts involved.

## HOWITZER COMPANY HOME FROM CAMP

Spent Much Successful Time at Springfield—Company is in Excellent Shape.

The local Howitzer company returned yesterday afternoon after a most successful and instructive trip to the Camp Lincoln ranges at Springfield. The men returned looking in the best of health and spirits and considerably hardened by the arduous camp life during their sixteen days stay at the camp.

While at the camp they received instruction from officers that have seen actual fighting and know how to apply the technique and training to actual fighting conditions. The company received thorough workouts in all branches of their particular unit and have returned able to handle howitzers and trench mortars with a degree of skill that would do credit to any company in any army.

For the first time in years the company is really on its feet and with its new organization under Captain James it foresees a growing institution in the city, and one which the city may well be proud of. The company is a live protection and can be used in times of trouble and rising to good advantage. It affords a wonderful chance for men to acquire military training which otherwise would be impossible to get. The members learn the proper use and handling of fire arms and are also materially benefited in a physical way from the activities of the company. The organization is rapidly growing and is practically up to war strength now.

Miss Theresa Lacy of Swift & Co. is spending the week end at her home in Pearl, Ill.

## SEASON AT GRAND OPENED YESTERDAY

"Listen Irene" Proved High Class Production and Delighted Local Audiences.

"Listen Irene" came to the Grand yesterday for matinee and night as the opening attraction for this season under the management of Stanley Wright. It was an auspicious opening for an audience of goodly size was on hand notwithstanding the hot weather and the presentation was one which everybody approved.

This musical comedy is a George E. Whitz production and was staged with generosity of costume and scenery which should guarantee "Listen Irene" a most successful season. Miss Nya Brown and Johnnie Getz had the leading parts but there were no weak spots in all the company of 29 members.

While of course music has the largest place in such a production the specialty features were not lacking. The Harmony quartet found special favor with the audience, these singers being recalled again and again.

Very evidently Mr. Whitz has the right idea and knows that the theater audiences of today do not want things that are cheap and trashy. So he has chosen a good cast and has spent his money freely for costuming and stage effects. These accessories as shown here have seldom been equalled here in Jacksonville and without doubt they add in a very material way to the success of the production.

Miss Brown who takes the part of Irene has charming personality, sings and dances well and in fact is just as clever as every need requires. Johnnie Getz appears as Prince Bonnsky and his comedy work has real individuality and class.

If Mr. Whitz has any more companies equal to this one he should bring them along and be assured of ample patronage. Manager Wright Saturday announced that he had secured all the Robertson, Cole and Goldwyn picture releases for the Grand and the first one will be presented Monday night.

**The Coleman Quick-Lite**

Coleman Portable Lamps and Lanterns offer most satisfactory lighting devices known. They make a strong white light, easy to read by and brilliantly illuminating.

Coleman Lamps are made with heavy, light metal tanks or founts so that the liquid cannot spill and so that the air pressure will feed the fuel to the burner. At the burner the fuel is converted into vapor and this vapor mixed with air, about 5 parts vapor, 95 parts air, form a gas that is burned in the mantle, giving an extremely strong, bright, white light.

Besides its splendid lighting qualities, the Coleman is a real ornament to a room. No rural home should be without several of these Portable Lamps and Lanterns.

Come in for a demonstration at any time.

Anyone can play the Gulbransen without effort. Take your turn and chat while you play. It gives everyone the oft wished for excuse to rest. And playing the Gulbransen is really delightfully restful.

On other occasions, when better music invites you to play with feeling and intelligence, the Gulbransen invariably brings compliments to the musician. It is the one player-piano which has been developed to assist true musical interpretation.

### MERCHANTS ASKED TO USE DECORATIONS

Labor Day Committees Hope for Liberal Use of Nat'l Colors in Business District.

The joint committee of the Labor Assembly and Chamber of Commerce arranging for the celebration of Labor Day, are hoping that business houses will be decorated appropriately. There is no doubt but that suitable decorations with the national colors will add very greatly to the success of the day, giving a background for the parade.

Everything points to one of the largest Labor Day parades that Jacksonville has ever seen, the members of the Unions and their friends having shown a great deal of interest in their preparations. The statement comes from Boardman that there will be a large delegation from that city and next all that is needed for the successful observance of the day is fair weather.

### FORMER OFFICER SUFFERING FROM HALLUCINATIONS

Philadelphia Drug Manufacturer Held in California.

UKIAH, Calif., Sept. 3.—John W. Holloway, 30 years old, vice-president of the Johnson-Holloway Drug Manufacturing firm of Philadelphia and who went overseas in May, 1917, is held at the Meadocino State hospital for the insane at Talmadge, it was made known today by hospital authorities.

His hallucination is that men of pro-German war sympathies are following him, according to the authorities who said his wife is endeavoring to have herself designated his guardian in order to conserve his interests.

After being sent home from France in November, 1917, he was held for a time at the Columbia hospital in New York City, later confined in two Philadelphia hospitals and on Dec. 15, 1920, he escaped from the Pennsylvania State Hospital for the Insane according to the hospital records.

He appeared in San Francisco last spring where he was arrested on a charge of having stabbed one man and attacked another. He was sent to Talmadge June 21, by the superior court for observation. He has behaved well at Talmadge the hospital authorities said. He is not allowed outside the grounds and little hope is held out for his recovery. He has no children.

### BUSINESS MEN TOUR SOUTHERN ILLINOIS

Chicago and Other Northern Illinois Business Men to Study Commercial Possibilities of Southern Part of State.

CHICAGO.—First hand information of the resources and commercial possibilities of southern Illinois will be afforded a delegation of Chicago and other northern Illinois business men on a four day inspection trip to the south, which will terminate Sept. 16, with an Illinois Chamber of Commerce conference at Benton, in Franklin county.

Leaving Chicago in a special car over the Illinois Central at 8 p. m., Sept. 12, the Illinois Chamber's party will reach Centralia early next morning and remain there until late that afternoon. Resources of Centralia and vicinity will be shown the visitors, and then another special car will be added the train to take aboard southern Illinois business men.

Many of these southern men will remain until Benton is reached and others will travel to Benton separately. Stops will be made at Carbondale, Anna, Murphysboro, Cairo and Harrisburg. At Benton, on behalf of southern Illinois the northern men will be welcomed to the conference by President F. H. Stamper of the Benton Commercial Club. Then addresses on southern resources will be given as follows:

"Mineral Deposits of Southern Illinois" Frank W. DeWolf, director of the state geological survey, Urbana.

"Agricultural Possibilities of 'Egypt,'" Dean Eugene Davenport, College of Agriculture, University of Illinois.

"Orchards as an Investment," William Perrine, Centralia.

"Our Dairies," Prof. William Muckelroy, Southern Illinois State Normal, Carbondale, Ill.

"Coal," Walter W. Williams, Benton, Ill.

"Egypt" as a Future Industrial Center," Secretary John I. Gunn, Marion Chamber of Commerce.

This conference will be held the morning of Sept. 16, and that afternoon will be spent in an inspection of the mining region of Franklin county. A visit will be made to the world's largest coal mine at Orient, and the world's largest coal washer at the U. S. Steel Corporation mine near Benton. Attention will also be paid orchards and dairies.

**MRS. JAMES FLYNN HAS BAD FALL**  
Mrs. James Flynn of South West street, suffered a bad fall on the walk adjacent to the Ayers National bank building Saturday morning. Mrs. Flynn sustained a painful injury to her arm but was able to walk to the Jacksonville Creamery office on North West street, where her daughter is employed. Upon reaching there she fainted.

Dr. Edward Bowe was called and had Mrs. Flynn removed to Our Savior's hospital, where an X-ray was taken to ascertain the nature of the injury. It was found there was no fracture but a bad sprain which will incapacitate her for some time.

Mrs. Margaret H. Pettit 326 East 35th Street New York City and her young babe are two of those bereaved by the explosion of the ZR-2. Her husband A. S. Pettit was one of the non-commissioned officers sent to England to help fly the dirigible to America. He was lost in the disaster.

### MILLIONS OF BARRELS OF OIL TO BE SAVED

Elimination of Wasteful Practices in Kansas and Oklahoma Fields Will Mean Vast Saving.

Lawrence, Kas.—Millions of barrels of oil may be saved annually in the Mid-continent field alone through the elimination of wasteful practices, as the result of a survey of the Kansas and Oklahoma oil industry now under way by a committee of the American Society of Mechanical Engineers.

P. F. Walker, dean of the school of Engineering at the University of Kansas here, is chairman of this committee. Hollis Porter, of the Gypsy Oil Company, and Philip Jones of Shreveport, La., are the other members of the committee, which is working in cooperation with J. P. Fisher and J. E. Stillwell of the research department of the Empire Oil Company, Bartlesville, Okla.

Methods for reducing the amount of good oil and gas burned in the process of refining, for example, are being worked out. Two or three million barrels could be saved each year in this process, according to Dean Walker.

Electrical methods for the recovery of much oil which is otherwise allowed to run to waste because it is mixed with water and other foreign substances, are already saving annually from four to five million barrels in the United States as a whole, he said.

On one lease alone the operator reported more than \$40,000 worth of gasoline reclaimed in one year by the introduction of a plan to prevent evaporation from open tanks. Failure to use these methods is declared to be causing much loss, both in gasoline and money.

Other research along similar lines is being carried on in the laboratories of the University of Kansas under Dean Walker's direction. Investigation of the thermal properties of oil for the purpose of making it possible to design refining stills just as scientifically as a water boiler is designed, instead of by guess-work, is one of the most important of these problems.

Another investigation of value to the oil industry of Kansas, which is being carried on at K. U., is the determination of the laws governing the flow of oil through pipe lines of various sizes. Arrangements have been made with various companies for a test of the results found in the laboratories by the use of sections of the pipe lines actually in operation.

### GIVES COLLECTION TO ILLINOIS U.

Urbana, Ill.—(By A. P. Mail.)—Mrs. Annetta Ayres Saunders, of Chicago, a niece of the late Judge Joseph O. Cunningham, who was a close friend of Abraham Lincoln, has turned over to the University of Illinois the judge's collection of shells, arrow heads and geologic specimens and also a collection of photographs of the martyred president. When Abraham Lincoln was practicing law in Springfield he made frequent visits to the Cunningham home in Urbana.

### WILL SELECT DELEGATES

The Jacksonville post of the American Legion has called a meeting for next Tuesday night at which time delegates will be appointed for the state convention to be held October 10 and 11. The American Legion is planning to do some great work during the coming year and this is the motto on the card sent to this post "Let's start the winter with a boom."

### ATTENDED WEDDING

Elmer Lukeman returned Friday night from North Cape, Wis. where he went to be one of a wedding party. The marriage was that of D. H. Romans of Omaha and Miss Dorothy Blakey of Chicago, and took place Thursday at noon.

be a half day session at which the children will be given a correct book slip listing the exact books which they need. Parents will aid their children materially if they will check off this list such books as they already have and taking the list to the book dealers for the filling of the rest. One of the most important features of the opening of school is that each child shall have sufficient tools with which to work. A child cannot study without books any more than a carpenter can work without his kit of tools. A good start means a great deal to the child.

### Entrance Rules

All children who are 6 years of age or become 6 years of age by Thanksgiving may enter the beginning classes of the public schools. There are no kindergarten classes connected with the public schools.

### Attend Own School.

Each child in the grade should attend the school in the ward in which he lives. The increased number of children in the city during the past two years has made it impossible to grant any transfers. Some very vacant rooms were provided in the various districts to provide for the children living in them. It is impossible to transfer and secure seating space.

### Attend the First Day.

Parents should make every effort to have their children enroll the first day. Seats are assigned and classes are formed on this basis. Children who enter are at a disadvantage though everything possible will be done for them.

### Open Air School

Children who were in the Open Air school last year should report at the Open Air school for re-examination and assignment or transfers.

**First General Teachers' Meeting**  
The first general teachers' meeting will be held on Monday morning at 9 o'clock in the West Study Hall of the new high school building. All teachers are expected to be present and the general plans for the opening of school will be explained. A meeting of supervisors and principals will follow this general meeting. It is aimed to make this meeting a short one in order that all may be out in time to enjoy the Labor Day celebration.

**Special Information on the Opening of High School.**  
The high school will open on regular time as announced. The

first meeting will be a general assembly in the new auditorium. Quite a supply of the furnishings of the building has arrived and has been installed. Several other car loads are on the way and can be installed very rapidly when they get here. It is practically assured that most of the necessary equipment will be on hand by the time classes are ready for work.

It is possible that the cafeteria, for students that come a long distance from home or who are from the country, will open within a short time. It cannot be ready just at the beginning of school for lack of certain parts of the equipment the most of it is here and installed.

The list of teachers installed is as follows:

## WILL BURY EX SERVICE MAN AT MANCHESTER

Funeral of Roscoe Hawkins Will be Held This Afternoon—Soldier Died on Armistice Day—News Notes.

Manchester, Sept. 3.—A funeral service will be held in the park here this afternoon at 2:30 o'clock in memory of Roscoe Hawkins who died in Europe during the world war. The death of this young soldier occurred the night that the armistice was signed and the remains were interred in one of the cemeteries overseas. Recently the body came with others to this country and reached Manchester Friday afternoon. The service will be in charge of the American Legion of Murrayville, assisted by the ex-service men resident in Manchester.

The deceased was the son of Levi Hawkins and was a young man who was held in high regard in the community.

Eugene A. Rochester left Saturday for Union, Ill., where he will teach in the public schools this year.

The Ladies' Aid Society of the Christian church will serve ice cream in the park next Wednesday evening.

## TY. COBB AFTER BATTING HONORS

CHICAGO, Sept. 3.—With the close of the baseball season a month away, Ty Cobb, pilot of the Detroit Tigers, enters the home stretch only three points behind Harry Heilmann, his slugging outfielder, for the batting honors of the American League, according to averages released today. The averages in the game of Wednesday.

Heilmann suffered a slight slump, dropping from .403 to .398 for the leadership, while the Georgia Peach closed the gap considerably by bringing his average from .392 to .395.

This speaker, leader of the Cleveland club, advanced from sixth to fourth place with an average of .373, which ties George Sisler, the St. Louis star. Babe Ruth, who failed to add any circuit drives to his string of 48, continues in third position with .384. Ruth, however, stretched his total of runs scored to 142 and his 163 hits have given him a total of 364 bases, which is far in front of his rivals. Besides his four fly blows, the Yankee slugger has cracked out 37 doubles and 10 triples.

Harris of Washington, added three more bases to his total and is showing the way to the base stealers with 25 thefts.

Other leading batters for 70 or more games:

Tobin, St. Louis, .358; Veatch, Detroit, .347; E. Collins, Chicago, .344; Jacobson, St. Louis, .340; Severid, St. Louis, .339; O'Neill, Cleveland, .333; Sewell, Cleveland, .331.

Ross Hornsby, star of the St. Louis Cardinals, is giving promise of being the National League leader in several departments. He not only has increased his batting average to .415, but is threatening to grasp the home run honors of the league from George Kelly, the Giant's slugger. Kelly failed to add to his string of 22 homers during the week, while Hornsby smashed out three round trip blows and is pushing the New York first baseman with 20. As a run getter, the St. Louis player broke the tie shared with Bancroft of New York, and is leading this department, having registered 110 times for his club. He has smashed out 202 hits, for a total of 324 bases.

The veteran George Cutshaw of the Pirates is the runner-up to Hornsby for batting honors, being 64 points behind with an average of .351.

Frank Frisch of the Giants' leading base stealer has 43 to his credit.

Other leading batters for 70 or more games:

Roush, Cincinnati, .347; McHenry, St. Louis, .342; Fournier, St. Louis, .339; Young, New York, .338; Mann, St. Louis, .338; Cruise, Boston, .335; Hibbs, Pittsburgh, .333; Groh, Cincinnati, .332; E. Smith, New York, .330; Frisch, New York, .329; Menzel, New York, .329; J. Smith, St. Louis, .329.

Kirk of Louisville and Red Russell of Minneapolis are on the heels of Art Butler of Kansas City for the batting honors in the American Association. They are tied for runner-up with an average of .333. Butler suffered a drop of two points, but continues to top the list with an average of .398.

Bunny Brief of Kansas City who broke the home record of the league, cracked out three four fly blows and is leading this department with thirty-three.

Bald of Indianapolis continues to show the way to the base stealers with 56 thefts.

Other leading batters for seventy or more games:

Brief, Kansas City, .356; Good, Kansas City, .345; Fisher, Minneapolis, .341; Acosta, Louisville, .337; Gainer, Milwaukee, .337; Thorpe, Toledo, .331; Scott, Kansas City, .348.

## WHITE SOX GO ON BATTING RAMPAGE

Defeat St. Louis By Top Heavy Score of 12 to 9—Russell Keeps Browns' Hits Well Scattered.

CHICAGO, Sept. 3.—Chicago went on a batting rampage in the early innings today and easily defeated St. Louis 12 to 9. Russell pitched in fine form for the locals, holding the visitors to seven scattered hits. Jacobson's double and the infield outs saving them from a shutout.

Score: Chicago, 12; St. Louis, 9. AB. R. H. O. A. E. St. Louis: Russell, 4, 0, 0, 0, 1, 0; Ellis, 2b, 2, 0, 0, 3, 1, 0; Sisler, 1b, 4, 0, 0, 0, 0, 0; Williams, lf, 2, 0, 0, 1, 0, 0; Lamb, cf, 1, 0, 0, 0, 0, 0; Jacobson, cf, 1, 3, 4, 0, 0, 1; Severid, c, 2, 0, 0, 0, 1, 2, 0; P. Batters in the Southern Association are entering the home stretch in practically the same positions they have held for the past few weeks. Boone of New Orleans, who has been topping the list, remains out in front with an average of .385, according to figures which include games of last Tuesday, while Polly McLary of Memphis is the runner-up with a mark of .355. Griffith of New Orleans is next with .352.

Benson of Birmingham, by crashing out eight home runs, has run his string to 18, while Traynor of Birmingham is showing the way to the base stealers with 47 thefts.

Other leading batters:

Don Brown, Little Rock, .344; Beckart, New Orleans, .340; Stoll, Nashville, .340; Burke, Nashville, .333; Harper, Little Rock, .327; Benson, Birmingham, .327; Memphis, .326; Traynor, Birmingham, .326; Stewart, Birmingham, .329; Hanging, Memphis, .329.

CINCINNATI, Sept. 3.—Marquard shut out the Chicago Nationals with four hits, the Reds easily winning 4 to 0. Victor Keene, pitcher from Maryland University made his first major league appearance, and pitched good ball, but was overmatched by Marquard.

Score: Cincinnati, 4; Chicago, 0. AB. R. H. O. A. E. ## ADVISE BANKERS TO POST THEMSELVES

(By A. P. Mail.)—Chicago. (By A. P. Mail.)—The state bankers' association to post themselves on the farmers' national co-operative grain marketing plan, which has taken form in the U. S. Grain Growers, Inc.

The movement has been considered by the agricultural development committee of the Illinois Bankers' association. It is announced, but no specific recommendations were made.

"The committee decided," says the association, "that because of the importance of the influence upon the economic life of the country of this project, the attention of the members should be called to the subject and the

officials of the banks be impressed with the duty of studying and informing themselves on this plan."

Members of the bankers' agricultural committee are: W. W. Boyden, Sheffield, chairman; and T. F. Chamberlain, Chicago; R. S. Charters, Ashton; E. B. Herr, Chatsworth; J. E. ## JACKSONVILLE HAS COMPLETE CAFETERIA

Messrs. Birbaum & Moore Have Provided City With Very Modern Establishment.

The Loop Cafeteria, the newest enterprise in Jacksonville will be opened for the public today. The proprietors are Birbaum & Moore and Conservatory hall has been transformed into the cafeteria.

Transformed is the correct word to, for the spacious room has been changed in a way to be hardly recognizable.

The whole interior has been redecorated, new lighting fixtures of modern type installed, together with a complete system of electric fans. The cafeteria equipment is the very best that the well known firm of Albert Pick & Co. can supply. It includes a food counter, coffee urns, and steam table along with a fountain and other fixtures.

The patron will pass between the heavy brass rail and the food counters and then in front of the checkers desk. There are twenty four handsome oak tables, each with space for four.

In the southwest corner a library table, davenport and easy chairs furnish a comfortable rest room for ladies and adjoining is the completely equipped toilet room. An electrically operated victrola is a part of the furnishings of the rest room.

The cashier's counter and desk are located just at the right of the entrance. The floor is of polished hard wood. The curtains and all window hangings are in soft neutral tones and in every way the fixtures and furnishings proclaim both the good taste of the proprietors and their willingness to spend money. The cafeteria is a very worth while addition to the business enterprises of Jacksonville and will be appreciated by the public. Dinner is to be served from 11 to 2 o'clock and supper from 4:30 until 7:30 o'clock.

## HIGH RENTALS HAVE CAUSED CONGESTION

CHICAGO.—(By A. P.)—High rentals have brought about a doubling up of families and a state of congestion in some of the so-called better class districts of Chicago exceeded only by conditions among the poor, Miss Amelia Sears, assistant superintendent of the United Charities of Chicago, said here this afternoon.

Miss Sears spoke at a conference on small house problems, called by E. F. Davidson, president of the Illinois Society of Architects. Her topic was "The Housing Shortage and Its Effect on the Home."

"I heard recently of a four room apartment in a high class residence district, which housed three families—six adults in one small apartment," Miss Sears said.

The worst conditions in Chicago, Miss Sears noted are found in the Chicago river wards in the dilapidated buildings that stood before the Chicago fire.

"Nevertheless, Chicago is fortunate in having no tenement districts such as are known in New York," she added. This is because of Chicago's building code, which makes the construction of apartment buildings so expensive above three stories that capital cannot be interested in higher building except of a high grade.

"Lack of employment with high rents elsewhere is forcing families into older residence portions of the conditions of the buildings," Miss Sears added.

"We had an appeal from a woman with six children to find her a cheap flat," Miss Sears continued. "She wanted a basement flat of three or four rooms. We telephoned 38 real estate agents by actual count before we could find one within her limit of \$15 to \$20."

Bad conditions Miss Sears continued, are to be found in the same sections of the so-called black belt.

"One of our social workers recently reported that nine negroes were using one cramped, badly ventilated, poorly lighted room," she said.

EXPERIMENTS IN MEASURING LIGHT  
Pasadena, Cal.—(By A. P. Mail.)—Experiments in the measurement of light have been resumed here by Dr. Albert Abraham Michelson, of Chicago, international authority on light waves and winner of the Nobel prize for physics in 1907. Dr. Michelson started these experiments here three years ago and comes here annually to work out his problems with the aid of the Mt. Wilson Solar Observatory and the California Institute of Technology.

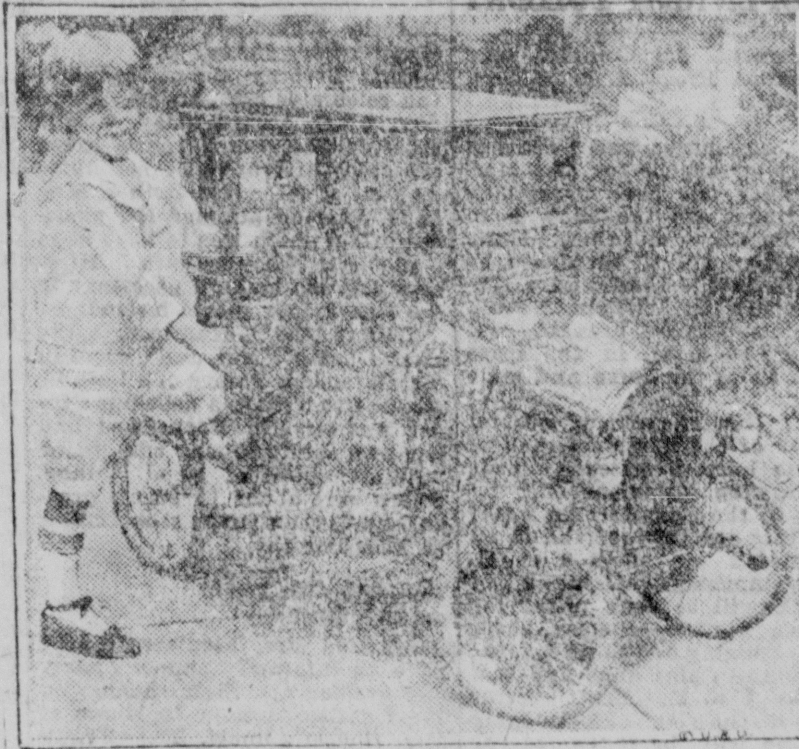

CLASS FOR CHRISTIAN CONFERENCE

Shanghai.—(By A. P. Mail.)—Plans are now being made for a national Christian conference that will be held in Shanghai May 5-14, 1922. It is expected that one thousand delegates, half Chinese and half foreign will be chosen by the various missions, churches and Christian organizations in China to attend. The general subject that will be considered at the conference is "The Chinese Church." The chairman of the committee on arrangements is the Rt. Rev. F. R. Graves of Shanghai.

Mr. and Mrs. Henry Stewart spent the past week at the home of Mr. and Mrs. Moses Greenleaf and family east of the city. The two children of Mrs. Greenleaf have had their tonsils removed and are doing nicely.

Mrs. Euna Johnson and daughter Hazel, of Pearl, Illinois are week end guests at the home of Mrs. Ada Long on East Lafayette avenue.

## World's Smallest Coupe

Eugene Pawlowicz, of Milwaukee, has the smallest coupe in the world. It has pneumatic tires, wire wheels, electric lights, upholstery and plate glass windows. All it lacks is a motor, but foot pedals make up for that. Eugene's dad made it for him and it is valued at \$300.

## FORTY FIVE YEARS IN NEWSPAPER WORK

H. W. Clendenin and Thomas W. Rees Have Been Associated That Long—First Met at Keokuk, Iowa.

SPRINGFIELD, Ill.—(By A. P.)—Forty-five years spent together as editor and publisher—that is the entire record of H. W. Clendenin and Thomas W. Rees of the Illinois State Register at Springfield. It was in the year of the centennial celebration of the Declaration of Independence that they first came together in these same capacities on a Keokuk, Ia., paper.

This year marks a full two score years that they have successfully conducted the Illinois State Register, which they bought after selling their Iowa paper. They had to enlarge their edition of June 19 last to get in all the congratulations that publishers of the country, headed by President Harding sent them.

Both learned the printing business from the ground.

Mr. Clendenin, who at 84 is still working away as editor of the paper, started as a printer's "devil." This was 69 years ago. He worked at his trade until he went with a regiment of Pennsylvania volunteers to the Civil war. Coming west, he soon worked over into the editorial end of the newspaper business. He served as postmaster in Springfield from 1886 to 1890, and has been a delegate to

national, state and other conventions of the Democratic party. He was a member of the committee in charge of Illinois' centennial celebration of its admission to the Union.

Mr. Rees' father was the first newspaper publisher to engage and pay Mark Twain as a writer. The son naturally took to the newspaper business, starting to work in his brother's printing office in Keokuk at the age of 13. He later started his long career as publisher in his home town.

Serving as state senator from the Springfield district in 1903-5, Mr. Rees was the author of the first good roads law to be passed in this state. He was appointed by the president in 1913 to a commission visiting Turkey, Roumania, Servia, Belgium and numerous other countries to interest them in the Panama Pacific Exposition at San Francisco. Traveling widely in addition, he has published several books of travel, including "Sixty Days in Europe," telling of his visit to the courts of the Balkan states and elsewhere in continental Europe, and "Spain's Lost Jewels."

AUTO TRAVELERS

Mr. and Mrs. J. S. Nichols and son from Hammond, Ind., and bound for the far west pulled into town Friday and waited yesterday for sunny skies to speed them on their way.

Henry Rees was an arrival from the Plagah neighborhood yesterday.

## PURE BRED SALE AT OAK CREST FARM

R. S. McKinney Announces Sale to be Held Sept. 22—Some Remarkable Offerings.

R. S. McKinney's sale of Poland China hogs and Shorthorn cattle will be held Thursday, Sept. 22, at Oak Crest farm near Chapin. Mr. McKinney in announcing this sale has termed it a grand champion offering. He is selling a number of remarkable litters.

One litter was sired by Grand Champion King Kolo, champion of the Missouri state fair of 1920, considered one of the largest boars of the breed.

There is also a litter by the Great Clansman, the 1920 Illinois state fair grand champion. Still

another litter is out of Lady Black, the mother of Black Lady, the 1920 grand champion sow at the Illinois state fair.

In addition the offerings include four fall yearling sows by Yankee Doodle out of Hedgegrove Lola, the 1918 grand champion sow of the International exhibition. He is also selling three pure bred Scotch Shorthorn heifers and Scotch Shorthorn bulls, together with two Shropshire rams.

The offerings are the pick from 200 high class animals. A number of the livestock journals have already made reference to this sale because of the standing and the record of previous sales held by Mr. McKinney at Oak Crest. A number of the purchasers of animals in those sales have resold them at fine profit.

#### DISTRICT CONVENTION TO BE HELD HERE

W. R. C. Meeting Will Be Held in This City Next Year—Local Delegates Return From Quincy

The district convention of the Woman's Relief Corps was held in Quincy last Thursday. The local corps was well represented and the ladies are pleased to announce that the next convention will be held in this city. While the date has not been set, it is thought it will be next September. Mrs. Angie P. Weber, of this city has been the district president for the past year and upon her retirement from office was presented with a beautiful cut glass dish by the Department President Nellie F. Wilkinson and a lovely bouquet of flowers by Mrs. Charlotte F. Gray a member of the local corps. The convention was well attended and the ladies of the Quincy Corps left nothing undone to make the convention the success that it was.

#### JUDGES TO START TUESDAY AFTERNOON

The judging at the Morgan County Fair will begin Tuesday afternoon. This late time has been set because of the late deadline for entries. The Eli Bridge Co. is erecting one of its big Eli wheels on the grounds and it will doubtless prove one of the main attractions. Another big attraction is William Newell, of Washburn, Ill., the horse breaker. Many of the citizens have seen him in action and declare that he is there with the goods. The fair is open in Morgan county and there will be forty concessions and the white tents are dotting the location in a rapid manner.

#### WILL TEACH IN NEW SCHOOL

Miss Ruth Bates of Edgehill road is to teach in a school recently opened in a new school district on reclaimed land near Beardstown. The building is constructed from Sears-Roebuck & Co., as are almost all of the homes of that district. The land on which the building is situated was nothing but lakes and swamps a few years ago. Miss Bates will have about forty pupils in her school and some of them are thirteen years old and have never seen the inside of a school house. Nothing worries Miss Bates however unless it is the thought of the levee breaking.

Miss Jean Anderson has returned to her home in Kansas City, Mo., after spending a month with her grandparents, Mr. and Mrs. A. Duckett, 405 Sandusky street.

#### COUNTY FAIR WILL OPEN NEXT TUESDAY

Arrangements All Complete and Excellent Program is Offered Public.

The committee and officials who are arranging for the Morgan county fair have everything in readiness and the show is to open Tuesday morning. Music for the day will be furnished by the Jacksonville band and a special feature by William Newell, famous as a horse breaker, will begin at 10 a. m. in the space just north of the horse and mule tent.

H. J. Rucker, who is general manager of the fair, on behalf of the farm bureau, yesterday made the following statement with reference to the plans for the week:

Exhibits will be received in all departments up until 9 a. m. Tuesday morning. All judging of livestock will be done under the big tent, seating capacity about 1,500. Judging begins at 9 a. m. with Poland China hogs and beef cattle at 1 p. m. Draft horses will be in the ring. The judging of swine will be continued as breeds coming as follows: Poland China, Duroc Jersey, Berkshires, Spotted Polands, Hampshires, Chester Whites and Fannworth.

Wednesday—Waverly band on the stand.

9 a. m.—Newell again with the "green horses."

10 a. m.—Judging dairy cattle, sheep and swine.

11 p. m.—Mules and ponies.

Thursday—Woodson band plays.

9:00—Completion of cattle and swine judging.

1 p. m.—Saddle and light horses.

Judging in the Household Science department begins at 1 p. m. Tuesday.

Poultry judging begins at 9 a. m. Tuesday morning.

Farm crop judging on Tuesday.

Dorothy Wharton

Has Birthday Party

Miss Dorothy Margaret Wharton celebrates her eighth birthday, which occurs today, with a most delightful little party given yesterday afternoon at her home on State street. Her mother, Mrs. J. E. Wharton planned the pleasant affair which was to have been a picnic at Nichols park. However the rain made it necessary to have an indoor picnic instead. During the afternoon, the guests had a great deal of fun playing indoor games of all kinds. About five o'clock a delicious supper was served. Each guest had her own dainty lunch box filled with all sorts of good things. There were about 15 guests present, all of them being schoolmates of Miss Dorothy.

Entertains for Uncle on 80th Birthday

Mr. and Mrs. Fletcher Hopper gave an informal supper party last evening at their home on West College avenue in honor of Mrs. Hopper's uncle, Mr. Frank Huffey, who celebrated his eightieth birthday yesterday. Mr. and Mrs. Huffey, whose home is in Industry, Illinois are guests at the Hopper home. The guests at this delightful affair were members of the family and a few intimate friends.

Gave Bridge for Out of Town Guest

Miss Eleanor Masters gave a charming bridge party Saturday afternoon in honor of Mrs. E. S. Davis of DeKalb, Missouri, who is a guest at her home on Vandallia Road. There were four tables of bridge and following the hours of playing, a most delicious luncheon was served.

Entertains in Miss Carter's Honor

A most delightful party was that given by Mrs. W. B. Young yesterday morning at her home on Mound avenue, in honor of Miss Catharine Carter, who is to be married next week. About twenty-five guests were invited to this pleasant morning affair. Each of the guests wrote out a recipe for the bride to be, and these were placed in a "cooking jogger" and presented to the guests of honor. Later in the morning delicious refreshments were passed by the hostess. Among the guests at this function Mrs. Edward Vickery, Jr., of Des Moines, Iowa, who with her son is visiting at the home of Mrs. E. S. Greenleaf on Park street, and Mrs. Keefe, also of Des Moines, who is visiting her mother, Mr. and Mrs. Hoyer.

Enjoyed Picnic.

Star Camp Number 171 of the Royal Neighbors had their regular picnic at Nichols park Friday afternoon. A fried chicken supper was the feature of the occasion. The arrangements for the supper were in charge of Mrs. Roy DeFreitas and Mrs. Deila Correa. On account of the rain several interesting stunts could not be given.

Entertained Camp Fire Girls.

Misses Thelma Carpenter and Mardell Killam entertained the members of the Okehi Camp Fire Girls at the home of Miss Killam on Park street Friday evening. Games and music furnished amusement. Those present were: Misses Helen Harney, Jeanette Conboy, Margaret Stubblefield, Florance Cocking, Laura Young, Catherine Ranson, Lucille Strandberg, Thelma Carpenter, Mardell Killam, Frances Cox, Mary Frances Bredon and Irene Merrill. Miss Merrill being guardian of the Camp.

ECONOMY STORES ARE BURGLARIZED

The Economy stores on East State and North Main streets were broken into and robbed at a late hour Friday night. The police have found clues which they expect to lead to the early arrest of the culprits.

The thieves were not well rewarded for their lawbreaking as they got only \$6 from the East State street store and only \$1 and a few packages of cigarettes from the North Main street store. They gained admittance in both cases by breaking a window.

SUIT FOR DIVORCE

Mrs. Dorothy A. Woolsey has brought in the circuit court a suit for divorce from her husband, Norman Woolsey. The complainant sets forth in the bill that they were married Feb. 6, 1918, and that Mr. Woolsey deserted her in July, 1919. Worthington, Reeves & Green are the attorneys for the complainant.

AUTO TOURISTS

An interesting party of auto tourists camped at Nichols park Friday night and were so well pleased that they decided to stay a day or two in the city. They were Mr. and Mrs. John Eubank, Miss Mary Sheets and Rae Shmidt all of Indianapolis and bound for the Mecca of so many tourists, Los Angeles. They were well pleased with the city and all surroundings and especially with the fine camping facilities at the park.

MATHIS, KAMM & SHIBE SAY:

"For the high school or college girl our stock of oxfords is very complete; dark brown, nut brown or black; smooth leathers or Scotch grains; plain patterns, semi-brogue, or brogue. Prices range from \$3.50 to \$9.00."

#### WELL KNOWN MUSICIAN TO OPEN PRIVATE STUDIO

The many friends of Miss Edith Robinson, will be interested to know that she will remain in the city the coming year and will conduct a studio at her home.

Miss Robinson is a progressive musician of high standing, both as pianist and teacher, and has for the past five (5) years been a valued member of the faculty of the Illinois Woman's College, College of Music.

Miss Robinson has among the members of her class many students of musical talent whom she will present in unique musicals.

Students of Miss Robinson will also have the advantage of classes in Repertoire and Interpretation which present the most modern methods in piano study, as exemplified by the eminent composer-pianist, Percy Grainger, of whom Miss Robinson is a pupil. Miss Robinson will return from Michigan early in September and open her studio at the beginning of the school year.

RAINY WEATHER UPSETS THE HI Y'S

Members Had Great Time Despite the Weather. Man—Last of Party Came Home Saturday Afternoon.

The rainy weather rather upset the Hi Y club at Mercedosa last week and the members, all except five, came home on the train early Saturday morning with Rec. D. V. Gowdy. The rest came home with J. S. Findley, Y. M. C. A. secretary in Paul Gard's car Saturday afternoon.

In spite of the wet weather the boys had a wonderful time, especially Friday night. The first thing on the program of that eventful evening was the carnival showing in Mercedosa. After this had been thoroughly investigated the bunch returned to the Rotary cottage and had the awe inspiring rites of the initiation into the Royal Order of Stuckups. The ceremonies were a howling success in more ways than one as many of the neophytes will testify. Twelve candidates were taken into this ancient order.

The regular program followed each day by the boys was very interesting, and beneficial. In the morning after breakfast the round table was the order of procedure. In the afternoon, right after dinner, discussions on the topic of "Leadership," were made by the boys and many interesting and original views brought out, and in the evening Hi Y principles were discussed. After the initiation rites Friday night, Rev. Gowdy made an interesting talk to the boys on the problems and situations to be met in life.

During the day the campers enjoyed fishing, swimming, and boating, not to mention the inevitable practical jokes that always attend a gathering of that bunch of live wires.

PLANS ARE COMPLETE FOR LABOR DAY.

The committees from the Central Trades and Labor Assembly and the Chamber of Commerce were busily engaged Saturday in closing up all details of the Labor Day celebration that is to be held in this city Monday.

It is the desire of the committees that all business houses, shops and stores be decorated for the occasion in national colors. The decoration of stores should start early Monday morning as visitors from out of town will begin to arrive early. A large delegation is expected from Beardstown headed by the Beardstown band.

The committees did not request a general closing of stores for the day, leaving the matter entirely to the individual judgment of each business firm.

JAMES WHITE CITY CALLER

Mr. and Mrs. James White arrived in the city by auto from Chicago. They were accompanied by Miss Laura White and Miss Mabel Withee. Mr. White was a son of a former resident and merchant of this city. He and his wife are visiting here and in Virginia with Mrs. White's parents, Mr. and Mrs. William Eyre.

WILL LEAVE FOR WEST

Miss Nell Day, office secretary for the firm of Baneroff and King, expects to leave tomorrow for California and other western states. Miss Day expects to be gone for about four months and after visiting in California will go to Portland, Oregon where she will visit her brother who resides there.

SPECIAL NOTICE

TO PUPILS

## WHITE HALL SCHOOLS OPENED THURSDAY

Large Enrollment Marks Opening of Term at White Hall Schools Other News Items From White Hall.

White Hall, Sept. 3.—The total enrollment on the opening day, Thursday, was 661, divided as follows: Grades, 484; high school, 177. There were several known to have not enrolled Thursday because of the possibility of not being able to attend the Sangamon White Hall base ball game in the afternoon, for which event school was dismissed and the business houses closed. Friday was taken up with assignment to classes and further organization work, and school will be in good shape for getting down to business by Monday with pretty much the full enrollment.

One business man remarks that the business houses have found it not at all detrimental to have a month of play during August. First came the annual merchants' and clerks' base ball game, followed by the eight-day chautauqua, and on Thursday the stores again closed during the afternoon in honor of the visiting Spring-

field base ball team. Last week another closing was carried out, but this was a duty, as it was in honor of the late Francis Fowler, a local business man for a generation. This liberal and healthful attitude on part of the business houses is found to have many advantages on its side, but one business man states that we have had a month of play, and we should now get down to business and not close the stores every time a crowd comes to town.

Rev. J. O. Kirkpatrick has completed the reports of the local M. E. conference and will go to Jacksonville next week to attend the sessions of the Illinois conference. He does not anticipate nor does he desire a transfer from White Hall at this time. He has planned to devote the grounds great revival effort at a near date, having two star attractions among revivalists under consideration, and announcement will perhaps be ready following conference week.

## With Morgan County Poets

Many people have a notion that they want to write verse, when as a matter of fact they merely want to read verse. They want to consume, rather than create. Just as many of us would consume a pie, but we don't particularly care to make pies ourselves, so long as there are competent pastry cooks to be had.

But there are also poems in pastry, and let those be thankful that can compose them, for their power will never grow less.

The following poem won the first prize last year in a contest conducted by the staff of "College Greetings." Later it was re-published by the Board of Education of the Methodist Episcopal church, in New York City, in a new circular dated July 29, 1921. The author is a native of Hillsboro, Illinois, but is so well known from her residence here while a student of the Illinois Woman's College that she has some claim to being listed among our local poets.

### THE ROAD THAT RUNS OVER THE HILL.

Our hills lie wrapped in a bluish haze,  
Our valley's asleep in the sun;  
For Autumn has come with her dreamy days,  
And Indian summer's begun.  
Like stately ships the clouds sail high  
In a wide-arched sea of blue;  
Broad fields below, as the clouds drift by,  
Are quiet and peaceful, too.  
But I look far off and I wonder still  
What becomes of the road that runs over the hill.

The silver ribbons of little streams  
Go a-winding lazily;  
Faint, pink smoke, pungent with dreams,  
Hangs over them hazily.  
Oh, our valley is gorgeous with autumn trees,  
Scarlet and green and gold,  
And over it all broods tranquil ease,  
Drowsy with peace untold.  
But I look far off, and I wonder still  
What becomes of the road that runs over the hill.

Over my head a swallow flies  
And a promise of freedom fulfills,  
For it's lost where yonder the unseen lies  
The land just over the hill.  
Oh, the road is wide, and the road is good,  
And it leads to an unknown world;  
The valley may sleep in the sun if it would  
With banner of mist unfurled.  
But I look far off, and wonder still  
What becomes of the road that runs over the hill.  
—ADA M. CLOTFELTER.

## FORCED TO GIVE UP HER POSITION

Feels Like Different Person Since  
Tanlac Overcame Her Troubles  
Says Miss Morizmeier.

"I am greatly indebted to Tanlac for my wonderful improvement, and want to take this opportunity of telling others what a grand medicine it really is," said Miss Mamie Morizmeier, 803 Cleary Ave., Chicago, Ill.  
"Before I began taking Tanlac I was suffering dreadfully from nervousness, and was in a badly run-down condition. I couldn't get the proper nourishment from my food and felt weak and worn out all the time. I felt the need of something to build up my entire system, and about two months ago my condition became so miserable that I resigned my position as supervisor for the telephone company.

"I kept seeing where so many others were praising Tanlac for what it had done for them and I began taking the medicine also, and it is just wonderful how rapidly I began improving. I relish my meals now, and my food agrees with me perfectly and I have gained a number of pounds in weight. That weak, nervous, worn out feeling has disappeared and I just feel like a different person.

"I wish I could get everyone suffering like I did to try the medicine, for I certainly believe it would help them."

Tanlac is sold by leading druggists everywhere.—Adv.

## AGED RESIDENT OF MURRAYVILLE DIES

Mrs. Hannah J. Ezard Passed Away Saturday Morning After Brief Illness—Funeral Services Monday Afternoon.

The death of Mrs. Hannah Jane Ezard, widow of the late William Ezard, Saturday morning at the family home in Murrayville. The deceased was stricken with apoplexy Friday and her condition rapidly grew worse until the end came as noted in the obituary.

Mrs. Ezard was born July 22, 1838, on a farm seven miles southeast of Winchester, and was therefore aged 83 years, 1 month and 15 days at the time of her death. She was a daughter of Abner and Osee Cowgill, well known pioneer residents of Scott county.

The deceased was united in marriage to William Ezard in 1857. To them were born seven children, John, William, Henry, Elizabeth, Sallie, James, Charles and George.

The family home was maintained on a farm in Scott county until 1863, when the family moved to a farm in Morgan county, four miles west of Woodson. Fourteen years later they moved to a farm one mile south of Woodson. Later Mr. Ezard retired from farming and the family home was then changed to Murrayville.

Mr. Ezard's death occurred nine years ago, and since his death Miss Hannah Atkinson has been a faithful companion to Mrs. Ezard.

Mrs. Ezard is survived by two daughters, Mrs. Jess Butler of Woodson and Mrs. T. N. Bush of Jacksonville. She also leaves the following brothers and sisters: John Cowgill of Manchester, Mrs. Will Pogue of Woodhouse, Mrs. Lida Davis of Denver, Colo., and Mrs. Mary McGlofin of Iowa.

Funeral services will be held at 2 p. m. Monday at the M. E. church in Murrayville, with burial in Diamond Grove cemetery.

### A Worthy Octogenarian

One of Jacksonville's reliable and upright citizens is Daniel Timothy Keating who is quietly passing the evening of his days at his pleasant home, 1026 East Lafayette avenue.

Mr. Keating was born August 21, 1841 in Rockhill county of Cork, Ireland and was the son of Timothy and Catherine O'Connell Keating. He received the advantages usually afforded persons in his circumstances and when 21 years of age went to England where he remained four years and then decided to immigrate to the land of the free and the home of the brave.

He left his parents, three sisters and four brothers behind and landed in Jacksonville in 1867 and has since made this city his home. He learned the trade of plasterer and followed it till ten years ago when he laid aside the trowel as a regular occupation, though he has done a little at the business occasionally.

In 1871, he married to Miss Mary Flanagan and is the father of two sons, Timothy who lives in Oregon and one who died when 14 months old; also five daughters, Nellie, Mrs. Robert McBride and Catherine, Mrs. Fred Hubsch.

Mr. McBride lives in Springfield and has a good position in a railroad office and Mr. Hubsch lives in Winetka and is a successful business man. There are also three daughters at home; Minnie, Margaret and Theresa and all are a credit to their parents.

There are also five grandchildren.

A strong constitution and good habits enable Mr. Keating yet to be quite active and he enjoys life as well as many far younger in years.

## CHAPIN

Mr. and Mrs. Harrison Corbridge of Bluffs were guests of Mr. and Mrs. Monte Funk Thursday and attended the chautauqua Thursday night.

Mr. and Mrs. F. P. McKinney and Ratto McKinney were in Carrollton Wednesday to attend the funeral services held for the late Mr. Robert Hardcastle, a brother-in-law of Mrs. McKinney.

Mrs. W. F. Rolly and daughters, Dorothy and Rosemary of Omaha, Neb., are visiting Mr. Rolly's sister, Mrs. C. F. Danforth.

Miss Helen Anderson of Pana is a week end guest of her aunt Mrs. C. F. Danforth.

Mr. and Mrs. B. H. Allen of Versailles were Thursday visitors here to attend the horse show. Henry K. Oaken left Saturday night for Boston to join his wife, who has been in the east since the latter part of May, called there by the illness of her sister, Miss Zell Butler.

Mr. and Mrs. Grover Smith were among those who attended the Griggsville fair.

Mrs. Harold Blach came down from Springfield Thursday to attend the horse show and visit her parents, Mr. and Mrs. E. F. Antrobus, returning to her home Friday evening.

Friday night was the closing session of a very successful five day chautauqua. "Ye Olde New England Choir" furnished the Friday program both afternoon and evening. The afternoon program consisted of modern music, comedy sketches and readings. In the evening the junior superintendent put on a partitive program with the younger children which was very much enjoyed, also Roman-dei Fountain gave a vocal solo. "Ye Olde New England Choir" completed the program. The Puritan period with quaint attire and such songs as "Stop Poor Sinner," "Barbara" Allen and Psalms.

The Colonial period with powdered hair, puffs and dainty laces and singing, "Ye Old Minuet," "There Was a Maid," and "Grandma's Advice." The Abolition period with hoop skirts and silk hats, singing, "Silver Threads Among the Gold," "When You and I Were Young, Maggie," "Tenting Tonight," etc. The choir made a very pleasing appearance and greatly pleased the audience. This is the second season that the Chautauq Woman's club have brought a chautauqua to Chapin and much credit is due Mrs. J. F. Burnham, local manager, a member of the club, who on her occasions worked so zealously to make it successful.

Miss Ina Shaul of Morengo, Iowa, arrived Friday to take up her duties as a member of the high school faculty.

## Why Grind Cylinders?

No matter what other conditions may be, after a gas engine has been run a few thousand miles its cylinders are worn out of round; they leak oil and gasoline if this condition is not corrected.

Grinding is the only recognized mechanical means of lining up the cylinder walls to an accuracy of one thousandth of an inch.

The cost of grinding averages one-third the price of a new block. Therefore regrounding is an economical as well as practical thing to do.

Regrinding is not, however, a "cure-all" for all gas engine ills. In order to reach perfection of operation it is necessary to work over all worn parts which vaires in cost with the degree of wear. This wear we are constantly urging the public to keep down to a minimum by using a clean, high grade oil in the crank case at all times.

We handle and recommend the use of MOBILOILS — "the oil that lubricates most"

## All That Money Can Buy

To be Master of the Highway is glory indeed, but this well-earned distinction does not alone explain the country-wide preference shown for Paige 6-66 models.

To start with, there is large economy in the initial price. Furthermore, many attested performances on track and hill have revealed a stamina that is a guarantee of long life and freedom from repair bills.

All that a truly fine car should be, it is easily apparent that the Paige 6-66 is by far the greatest dollar-for-dollar value on the market today. Is it any wonder, then, that discriminating buyers who could well afford to pay \$5,000 to \$6,000, if they were convinced that supreme quality compelled it, choose the Paige?

### FARM BUREAU NOTES

**Picric Acid**—Three inquiries have been made at this office for high explosives to be distributed among farmers for the purpose of blowing stumps. As picric acid is the only explosive to be distributed, we are giving information concerning it.

**What Picric Acid Is**—Picric acid is a high explosive which was used in large quantities during the world war. Because of its high cost of manufacture, its insensitiveness and its rapidity of detonation it cannot be classed as an agricultural explosive; but as a salvaged war material its use is recommended to those farmers who can obtain it at a cost less than that of commercial explosives. Some 12,500,000 pounds of salvaged picric acid is to be distributed to landowners, by the U. S. Department of Agriculture for the purpose of stimulating land clearing activities. It has been prepared for distribution by drying and packing in double dipped paraffined cartridges weighing six ounces. The cartridges are packed in wooden boxes, each containing 100 pounds of picric acid.

**It is a Safe Explosive**—Picric acid is a comparatively safe high explosive. It is more insensitive to shock or impact and to friction than are the commercial explosives, but it is slightly more sensitive to shock than TNT. Picric acid is difficult to ignite and will burn, at least in small quantities, without exploding. Theoretically picric acid in the presence of certain metals will form dangerous compounds, but cooperative tests carried on by the U. S. Bureau of Mines, the University of Wisconsin and the U. S. Department of Agriculture indicate that no danger will be involved in using picric acid in soils containing lime or iron. However, picric acid is a high explosive and as such should be treated with great respect. It should not be exposed to fire or flame and no metals should be allowed to come in contact with it.

**Toxic Effects**—So far as ordinary handling is concerned, picric acid has no toxic effects. It can be used in any open air blasting operations and will not cause headaches or other ill-effects.

**Strength**—A cartridge of picric acid, as it has been prepared for distribution, weighs about six ounces and is about equal in strength to an eight ounce cartridge of the commercial dynamites used for agricultural blasting. That is, six ounces of picric acid will do approximately the same amount of work as eight ounces of commercial dynamite.

**Temperature Effects**—Picric acid is not affected by the ordinary temperatures which will be encountered in agricultural blasting. In the tests made directly by the agencies mentioned above cartridges of picric acid were placed in a freezing mixture of ice and salt. The cartridges were left in this mixture for about six hours, at the end of which time a thermometer in the mixture registered six degrees Fahr. These cartridges were then immediately fired, and were apparently as completely detonated with a No. 8 detonator as was the case at normal temperatures.

**Moisture Effects**—The sensitiveness of picric acid decreases with increased moisture content, so that care should be taken to store the picric acid as prepared for distribution can be left in moist earth for several hours without loss of sensitiveness of strength. It can be stored for long periods in dry places without deterioration.

**Detonators**—Picric acid should be detonated with what is known as a "No. 8" detonator or cap. Dynamites and farm powders are usually fired by a "No. 6" cap, but because of its insensitiveness the stronger No. 8 caps should be used with picric acid. There are two kinds of caps, one fired by a safety fuse and the other by an electric current. The No. 8 size of both kinds are of the same strength and either may be used with picric acid. The caps are placed in the picric acid cartridges and fired in the same way as in the case of dynamite. Both types of caps are loaded with a charge of a highly sensitive and violent explosive. The caps must be handled carefully and should not be stored or carried with picric acid or any other high explosive.

**How Picric Acid Is Used**—For stump and rock blasting picric acid can be used in exactly the same way as dynamite is used. The charges should be placed in

the same manner, and the same number of cartridges should be used in the charge as in the case of dynamite. As has been said, a No. 8 instead of a No. 6 cap should be used with picric acid.

For blasting ditches, the electric method of firing must be used because the picric acid is so insensitive that it will not propagate.

It is believed that the above information will be sufficient to insure the proper use of picric acid by persons who are familiar with the use of dynamite in agricultural operations. Detailed information and instructions as to the use of picric acid in stump blasting can be secured by application to the Bureau of Public Roads, Department of Agriculture, Washington, D. C.

An account of an auto and buggy accident near Waverly was recently described in the Journal in which it stated that the auto and buggy were approaching each other but the Journal is informed that the car was standing perfectly still waiting for the others to get by when the horse seemed to become frantic from some cause or other and leaped directly into the standing auto in front of him. Great damage was done the car. There were two seats to the car and occupants were somewhat injured tho none dangerously so.

### Cheapness Doesn't Pay!

That is a definite statement but it is true. Take the wiring of a house—you can get the work done cheaply, too cheaply to be satisfactory. Like anything else there is a limit below which you should not go in the purchase of electrical goods. That limit is the lowest possible price giving a good job in exchange. Patronize a responsible contractor, one who knows his work and is faithful in carrying it out. That is what we stand for and we shall be glad to discuss the wiring of your home with you.

### MANY YEARS SPENT IN MISSIONARY WORK

John Hykes Who Died Recently at Shanghai Spent Many Years in China—Was Appointed in 1873

Shanghai.—(By A. P.)—Dr. John R. Hykes whose recent death in Shanghai brought to a close nearly a half century of service as a missionary in the China field is buried in Palsienjab cemetery here near the scene of the greater part of his labors. Doctor Hykes who was born at Shippensburg, Pa. on August 9, 1852, was admitted to the Central New York conference of the Methodist church in 1873 and was then appointed to a mission in China, the youngest man ever placed in the

foreign mission field by the Methodist Episcopal church.

He carried on evangelistic work in various parts of China until 1893 when he became representative of the American Bible society with headquarters at Shanghai. Civic affairs, as well as religious, received Doctor Hykes' attention and for a period of years he was a member of the municipal council of Shanghai and in the years 1900-05 was American vice consul-general, serving at the same time as American Mixed Court assessor. In recent years he was active in the Masonic order in Shanghai. He was a 33rd degree Mason and was District Grand Master of the District Grand

Lodge, Massachusetts Constituent China Masonic District. He was also Inspector General Honorary Deputy of the Supreme Council in China of the Scottish Rites Body. His death occurred on June 14.

## OUR PRICES

US.

### "Big City" Prices

—We have known always that prices charged in this city for made-to-measure suits and overcoats, taking the identical cloth into consideration, were much less than those charged in other cities. But, it has been difficult to convince many persons of this fact.  
—Recently several men have called at our store and talked with us about suits. They knew woollens so they could not be fooled. They got our prices and found for a fact that we are from \$30. to \$50. under "Big City" prices for the same garments.  
—Why then buy away from home?  
—Our new goods for fall and winter suits and overcoats are in—Now.  
—All we ask of the men of this community who like and wear good clothes is to call and see the new fabrics, get our prices and let us show them just how and why Jacksonville prices are lower. No obligation is entailed. We gladly welcome the opportunity.

## Daily Market Report

### SHARP GAINS IN PRICE OF WHEAT

By Associated Press.  
CHICAGO, Sept. 3.—Sharp  
gains in wheat prices were  
shown near the finish of today's  
market on the board of trade  
here, the market ruling 2 1/2 to 3 1/2  
higher than the resting spots  
yesterday. There was persistent  
buying by strong commission  
houses in evidence all thru the  
day and much of this was done by  
concerns with eastern connec-  
tions. Outside investment orders  
were increased and the local  
crowd also was more disposed to  
reinvest in lines.  
Corn closed 2 1/4 to 1 1/4 higher and  
oats 2 1/4 to 1 1/4 up.

Corn stayed within narrow  
limits early but when wheat ad-  
vanced the coarser grains also  
looked on life and followed suit  
closing on the highest figure for  
the day. There was little trading  
in oats and the market followed  
the course of corn finishing  
rather firm.  
Trade in provisions was con-  
fined to lard and this product  
ruling 2 1/2 to 1 1/2 higher. A private  
report from a well known pack-  
ing house stated that the buying  
for foreign account was extra-  
ordinary the purchases of lard  
being phenomenal.

### CASH GRAIN REPORT

By Associated Press.  
CHICAGO, Sept. 3.—There  
was no change shown in the trad-  
ing basis in wheat, corn or oats  
here today. No export business  
was reported here or at the sea-  
board the advance in futures and  
the fact that it was a holiday in  
the east serving to restrict for-  
eign demand. Domestic inquiry  
was effected by the upward price  
trend and sales of only 15,000  
bushels of wheat, 45,000 bushels  
of corn, 25,000 bushels of oats  
and 3,000 bushels of barley were  
reported. 15,000 bushels of rye  
were made to go to store. 250,000  
bushels of corn on September  
contracts were taken by a cash  
house and will be loaded out for  
export early next week. There  
has been around 1,000,000 bush-  
els of oats taken in on Septem-  
ber contracts recently that will be  
sent to the east via lake next  
week.

**KRITCH CATCHES SHARK WHILE ON VACATION TRIP**  
Conservatory of Music Professor Enjoys Great Fishing in North and West—Timely News From Illinois College  
Director Kritch of the Conservatory of Music returned to town a few days ago. Professor Kritch spent most of the summer at Kootenay Lake, in British Columbia. He reports some wonderful trout fishing in that lake. Most of the time was spent out of doors, although he gave some attention to work on the violin. Before starting on his way home, he also spent some time with friends and relatives in Seattle, fishing in Puget Sound where he caught a shark. He also stopped at Lake Louise in the Canadian Rockies. Director Kritch will be in town most of the time until the opening of school and will be glad to confer with any students or parents who may wish to inquire regarding work at the Conservatory.  
Indications point to a freshman class in the college still larger than the large class which entered last fall. There is a waiting list of some half dozen boys for rooms in the college dormitory. Academy hall, the girls' dormitory, is also filled. Registration will occur this year on September 19 and 20th.

Academy hall, returned to town on Thursday. She spent most of the summer in her home at Galesburg.  
Professor Munger of the Conservatory faculty drove over from his home in Zenia, Ohio a few days ago. After spending a few days in Jacksonville he went to Chicago, whence he will return next week.  
Professor Quast, head of the vocal department has returned to town and will begin his work in the choir of the State Street church Sunday.  
Professor Poage of the history department returned on Friday. Professor Poage's mother has come to town with him and they have rented a house at 852 Grove street.  
Dr. R. O. Bussey who is the new head of the modern languages department has rented the Tendick house on South Fayette street. Dr. Bussey will move his family to Jacksonville next week.  
The Illinois college delegation at the Y. W. C. A. conference at Geneva this summer consisted of Frances Strawn, Mary Alice Pierce, Marie Thomas, Winifred Butcher, Doris Linford and Mrs. George H. Scott, wife of Dean Scott. They returned from the conference Saturday.  
Among the young women chosen to represent the Jacksonville churches at the Missionary Education Movement at Geneva recently were the following College students, Eunice Williamson, Margaret Johnson and Francis Bradley.  
William Jennings Bryan '81 visited the chapel and other points of interest about the campus when he was in town recently.  
The improvements at Sturtevant hall are nearing completion, the whole of the first floor will be assigned to the department of chemistry and also additional space in the basement. It is hoped that within about a week the desks and other fixtures can be installed. Contracts for additional new desks and stools were placed a short time ago. After the chemical equipment removed from the gymnasium, that room will be redecorated.  
This year as in other years many students are inquiring for an opportunity to earn a part of their way through College. The young men are ready to take care of furnaces, mow lawns and to do any other chores the young women are glad to help in taking care of children or in house work. Families who are interested should communicate with President Rammelkamp.  
**ENROLLMENT PICKS UP AT BUSINESS COLLEGE**  
Approach of Winter Brings Many Students From Out of City. Three Complete Courses.  
The enrollment at Brown's Business college for the winter term is beginning and indicates an unusually large number of students for the college. More and more the students are coming from all over the state and the middle west.  
Those who began work there this last week are Misses Cecile and Mary Hornbeck and Lela Battley of Winchester, Miss Faye Scott of Greenville, Miss Edith Masters and Miss Georgia Mawson of Murrayville, Wilmoth Criswell of Waverly, Floyd Huffman of Elk Hart, Ill., Miss Catherine Duener of Waverly, Miss Pearl Hedlin of Sinclair, Lawrence Smith of Franklin, Miss Bernice Doda of Beardstown and Misses Merwin Ester, Elizabeth Tuite, Amy Scott and Howard Roberts and Warren Hoagland of Jacksonville.  
Three of the students completed their courses recently. Miss Lois Steinbaker from Chambersburg, Ill., has finished the complete course. Miss Bess Strathairn of Pearl and Miss Hazel Doyle of Winchester have both graduated from the secretarial courses.  
Miss Katie V. Clarkson is back to her position on the faculty after her vacation. Misses Shirley Murgatroyd, Helen Murgatroyd and Flora Lorenz have gone to Chicago for the week end and Labor Day.

They camped the night before at Springfield and arrived here shortly after nine and thought they would go out to Nichols park and set up their tent for a day or so. They are enroute to Los Angeles.

**REHEARSALS UNDER WAY FOR TORCH BEARER**  
Pageant Preparations Indicate Impressive Historical Event in Connection With M. E. Conference.  
Preliminary rehearsals of some of the groups for the coming pageant, "The Torch-bearer," were held Friday evening at Grace church and in the college gymnasium. At Grace church the episodes covering the early history of the Illinois Woman's college were outlined by the directors, Dr. Rule, Rev. Tull and Rev. Bracewell.  
At the gymnasium, some fifty or sixty young ladies selected from the three Methodist churches were assembled to hear the pageant read by the director, and later were recruited into the several groups called for by the libretto.  
The group for the May Pole dance consists of sixteen girls in charge of Myra Whitlock, as instructor, and including Vera Wardner as leader of the dance, who is expected to join them the first of next week. The other names are: Grace Rexroat, Garneda Phelps, Helen Phelps, Ruth Wilkinson, Waive Barton, Harriette Six, Elsie Cannon, Mabel Biggs, Louise Muehlhausen, Wilma Williamson, Eunice Williamson, Frances Griswold, Mabel Rogers, Ella Osborne, Mary Baumgartner.  
The group known as the Dreams and Organization, in charge of Lillian McCullough and Helen Gowdy, went through some of the evolutions required on the floor of the gymnasium, and managed very creditably for the first time. They are: Louise Sheppard, Elizabeth Boruff, Elberta Whitlock, Dorothy, Katherine and Olive Randle, Ruth Cox, Sadie Hembrough, Julia Williamson, Beatrice Sargent, Clara May Fletcher, Virginia Ornellas, Hazel Massey, Velma Fanning, Eunice Haerle, Dorothy Dodswoth, Florence Bentley, Clara Smith, Vivian Sturgeon, Irene Mills, Marceline Cowgur, Opal Brown, Helen Paschall, Ruby Mann, Pauline Tull, Lucile Straight, Leta Groves, Helen Hanson, Mary Spires, Lillian Swift, Gladys Elan and two Jordan girls.  
From this last group several smaller groups will be selected later, namely, the War Time Girls, under Irene Merrill, the Girls of the Eighties, under Margaret Davison, and the Modern Girls, under Vera Wardner.  
The first general rehearsal is called for Monday evening at 7:30, the members of the chorus meeting in Music hall under the direction of Mr. Pearson and Mrs. Edgar Martin, and the rest in the gymnasium under the various directors of episodes. The success of the first rehearsal will determine whether or not any more will be called until the dress rehearsal, Thursday evening before the performance.  
It is hoped the cast will be completed the first of the week. The committee of costumes is busy, and with the committee on properties is endeavoring to get things together at the college and ready for final rehearsal.

**The Reason**  
With the Hoosier, you sow just what you want, just where you want, just when you want. The construction of the feed cup makes the quantity just right, the construction of the boot puts the seed where you wish and the general construction of the Hoosier assures you of drilling when you desire.  
With the new price we are now making on the most successful drill ever placed on the market, you cannot afford to use a worn out drill, neither can you afford to take a chance of getting one when the season is on.  
Procrastination is the theft of time. The man who acts is the one who does things while the other fellow sits still and is sorry.  
Call in. We will be pleased to give you our proposition and to show you why you need THE HOOSIER DRILL, THE DRILL THAT ALWAYS SATISFIES.
